FLEXIBLE AND RELIABLE ACCESS TO INFORMATION

Get crucial data as you need it.

Animal Management Studio's (AMS) Truck System App offers the same functionality as our broader software but with added convenience of being able to check transportation, delivery and consumption of your feed without the need for expensive and bulky equipment in the cab. It's available for Android-based tablets and comes with Turnkey's knowledgeable, trusted customer service and support.

Functionality

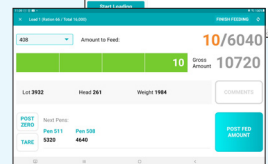

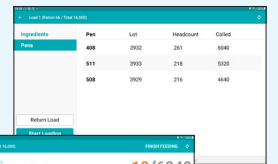

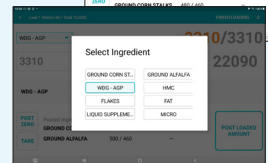

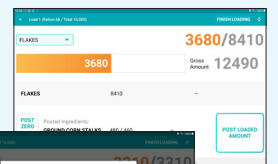

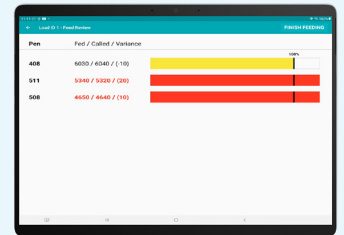

- Load requests and progress status bar
- Pen and headcount listings
- Ingredient loading, recording and tracking
- Loader batch posting
- Feed process tracking

Features

- Secure login and data storage
- Fewer manual inputs for feeding consistency
- User-friendly touchscreen
- Customizable setup based on cab space
- Quick start
- Easy maintenance
- Integration with AMS's other systems
